

CITY OF LYNNWOOD

Item ID	Action Item	Page	Plan Goals Addressed					
			Protect Life & Property	Increase Public Awareness	Encourage Partnerships	Provide for Emergency or Critical Services	Facilitate Continuity & Recovery	Protect Natural Systems
MULTI-HAZARD MITIGATION ITEMS (MH)								
ST-01-MH-LW	Reduce urban flooding by redesigning and retrofitting catch basins and culverts.	III - 137	X				X	
ST-02-MH-LW	Update sewer, water, and stormwater planning documents	III - 138	X			X	X	X
LT-01-MH-LW	Protect life and property from storm impacts by making needed improvements to the stormwater and sewer systems that will minimize inflow, leakage and potential soil erosion.	III - 139	X				X	
LT-02-MH-LW	Reduce disaster-related impacts on the sewer system by correcting problems and upgrading lines to handle current and future demands.	III - 140	X			X	X	
LT-03-MH-LW	Establish a long-range cycle for repair and replacement of water lines throughout the city to ensure continuity of service, including adequate fire flows and delivery of potable water.	III - 141	X			X	X	
DROUGHT MITIGATION ITEMS (D)								
ST-03-D-LW	Work with Alderwood Water District to educate consumers about drought impacts and ways to minimize water waste.	III - 142		X	X			X
EARTHQUAKE MITIGATION ITEMS (E)								
ST-04-E-LW	Integrate new earthquake hazard mapping data for the City of Lynnwood and improve technical analysis of earthquake hazards.	III - 143	X	X			X	
ST-05-E-LW	Conduct non-structural retrofit activities.	III - 144	X			X	X	

Item ID	Action Item	Page	Protect Life & Property	Increase Public Awareness	Encourage Partnerships	Provide for Emergency or Critical Services	Facilitate Continuity & Recovery	Protect Natural Systems
ST-06-E-LW	Encourage reduction of nonstructural and structural earthquake hazards in homes, schools, businesses, and government offices.	III - 145	X	X	X		X	
ST-07-E-LW	Identify City buildings and infrastructure that may require structural retrofitting.	III - 146	X			X	X	
FLOOD MITIGATION ITEMS (F)								
ST-08-F-LW	Reduce urban flooding and damage to the natural environment through enhanced information about, and improvements to, Lynnwood's natural drainage areas.	III - 147	X			X	X	X
LANDSLIDE MITIGATION ITEMS (L)								
ST-09-L-LW	Ensure that subdivision design and new construction on or near steep slopes complies with all development code and engineering requirements to reduce potential adverse impacts.	III - 148	X	X		X		
SEVERE STORM MITIGATION ITEMS (S)								
ST-10-S-LW	Enhance public safety strategies for severe storm events.	III - 149	X			X	X	X
ST-11-S-LW	Develop and implement programs to keep trees from threatening lives, property, and public infrastructure during severe storm events.	III - 150	X	X	X	X	X	
LT-04-S-LW	Require electrical utilities to use underground construction methods where possible to reduce power outages from severe storms.	III - 151	X		X	X	X	

TSUNAMI AND SEICHE MITIGATION ITEMS (T)

None due to location of City.

Item ID	Action Item	Page	Protect Life & Property	Increase Public Awareness	Encourage Partnerships	Provide for Emergency or Critical Services	Facilitate Continuity & Recovery	Protect Natural Systems
VOLCANO MITIGATION ITEMS (V)								
ST-12-V-LW	Collaborate to develop ash fall models that are specific to the north King and south Snohomish Counties area.	III - 152	X	X	X	X	X	
ST-13-V-LW	Develop and implement policy for maintaining stock of filters for key vehicles and pieces of equipment.	III - 153	X			X	X	
WILDLAND-URBAN INTERFACE FIRE MITIGATION ITEMS								
LT-03-W-LW	Increase communication, coordination, and collaboration to reduce fire danger in wildland-urban interface areas.	III - 154	X	X	X	X
